

DEWEY WILSON, Dist. Agt.  
Homer E. Wilson, Special Agt.

Acting on a tip received from boy swimmers, officers aboard the police boat John E. Hyman recovered an automobile from the bottom of the East River at the foot of Tiffany street, the Bronx, New York City. Swimmers who dived, reported seeing other cars in the riverbed. It is believed that many cars have been run into the river by thieves or owners seeking insurance. The picture shows the recovered automobiles being hauled aboard the police boat.

Memorial Hall, in the Daughters of the American Revolution Building probably will be the scene of the opening session of the Disarmament Conference. Meetings of the main delegation, according to tentative plans, will be held in the Pan American Union Building. The open session will be attended by members of the Cabinet, the Diplomatic Corps and Congressional leaders and their wives. Some 2,000 persons are expected to witness the ceremonies. The photograph shows the Daughters of the American Revolution Building.

The "Hall of the Americans," in the Pan American Union Building in Washington, D. C., will be the scene of the sessions of the Disarmament Conference called by President Harding for November 11 next. In this room it is said the Disarmament Conference will also hold the opening session, which, to judge from tentative plans to date, will be one of the most pretentious gatherings in history.

Tearle has the part of a waiter, a head waiter, who is induced to woo a society girl, keeping his identity a secret. She marries him and is told on her wedding night who he really is. As a result of this knowledge, she leaves him but finds that she truly loves him and later returns to him.

Miss Nan Scott of Dallas spent the week-end with her sister, Mrs. C. E. Flowers.

We want you to have the best paper for "BULL." So now you can receive with each package a book of 24 leaves of RIZLA+—the very finest cigarette paper in the world.

"BOB AND BILL" STORY AND "PATHE REVIEW."

Until September 15th Studio will be at 126 South Wheeler St.  
Phone 487

The photograph, showing President Harding and R. S. Firestone discuss the morning news; Thomas A. Edison is in the foreground, accepting a bouquet of flowers from an aged woman residing near the camp. Lower: President Harding, on his arrival, greets his fellow campers.

There are those who may argue that the above is not the only reason why the world's foremost inventor of automobiles only four hours a day. But there is only resting, while his companions, President Harding and H. S. Firestone, the tire manufacturer, discuss the morning news. These three men, with Henry Ford,

## ANNOUNCEMENT

For County Superintendent (to fill out  
 unexpired term of J. N. Fulcher.)

MRS. DELLA HOUSSELS.  
 L. A. HOLLAR.

## KEEPING THE GROCER IN DEBT.

Most men had much rather keep their  
 grocer in debt than have the tables  
 turned. The grocer is pretty good pay;  
 and then it is just a heartening feeling  
 to know that you are creditor rather  
 than debtor.

One of the leading grocers of Vernon  
 declares that the men who "cultivate"  
 chickens practically all keep their  
 grocer in debt to them. Isn't it pecu-  
 liar, that so little attention, relatively  
 speaking, is given to "cultivating"  
 chickens and turkeys on the farm?

Wilbarger's poultry production of  
 perhaps \$350,000 is gratifying. It is  
 evidence of what may be done. By far  
 the greater part of our farmers just  
 "let their chickens grow," however.  
 Little attention is given to ridding the  
 flock of hens which do not pay their  
 board, and perhaps less care is given to  
 providing feed that will increase egg  
 production.

Perhaps no other effort would tend  
 so successfully to increase interest in  
 poultry production as a poultry show—  
 the getting together of a majority of  
 high class fowls owned in Wilbarger  
 and adjoining counties for exhibit to the  
 public. In this way poultry fanciers  
 would be encouraged to greater efforts.  
 Those only casually interested would be  
 given an object lesson calculated to  
 arouse their enthusiasm and add to  
 their knowledge. Undoubtedly many  
 who have given scant attention to  
 growing chickens and turkeys would  
 become interested as a result of the  
 show.

In the opinion of The Record no  
 more worth while undertaking has  
 been presented to the local chamber of  
 commerce than the promotion of a dis-  
 trict or county poultry show.

## GOING TO SCHOOL?

A million boys and girls in America  
 practically fix their destiny this week.  
 Deciding to go to school does not insure  
 success. One may mar his possibilities  
 almost anywhere along life's pathway.  
 But quitting school before one finishes  
 high school puts him under such a han-  
 dicap that it is infinitely harder to  
 achieve the best things in life.

Unfortunately, it isn't nearly always  
 the boy's fault when he concludes not  
 to go to school again. Somehow he has  
 not mastered the subjects assigned, and  
 too often some instructor, failing to  
 analyze the difficulty, discourages the  
 apparently dull student rather than  
 helps him out. Father and mother fre-  
 quently scold or nag, rather than lend  
 a hand. The result is that son or  
 daughter takes what seems to be the  
 only open course. They quit.

Failure of boys or girls to go to  
 school this fall means an almost in-  
 credible loss to America in an economic  
 way. The loss is infinitely greater  
 from the standpoint of citizenship.

that a concerted effort be made to get  
 John and Mary and all of their name-  
 sakes in Wilbarger county interested  
 in going to school this fall.

## FIRST IN IMPROVED FARMS.

It is a proud distinction Texas re-  
 ceives in the announcement from Wash-  
 ington that the Lone Star State is first  
 among American commonwealths in the  
 number of improved farms. Gratifying  
 advancement is indicated, too, by the  
 fact that ten years ago Texas was  
 fourth.

Despite this creditable advancement  
 only 32,377,929 acres of our vast do-  
 main are cultivated, while Kansas  
 farmers cultivate 30,600,760 acres. Only  
 28.5 per cent of the farm land of Texas  
 is improved, and Iowans are cultivating  
 85 per cent of the farm land of that  
 commonwealth.

If even one-fourth of the untitled  
 farm land of Texas is brought under  
 cultivation during the present decade  
 we shall establish a market right at  
 our doors for millions of dollars worth  
 of manufactured products, and these  
 tillers of the soil will create each year  
 nearly a thousand million dollars of  
 new wealth!

Isn't that a prospect which should  
 hearten the most ambitious?

## W. C. T. U. to Meet.

The Woman's Christian Temperance  
 Union will meet Thursday afternoon at  
 the home of Mrs. Edgar McHugh.

 other points.

**The Story of  
Our States**

By JONATHAN BRACE

## VI.—MASSACHUSETTS

MASSACHU-  
 SETTS  
 was an Indian  
 word, massa-  
 wachuset,  
 which means  
 "at the great  
 hill." It was  
 used by the Algonquins to design-  
 ate the tribe living near Blue  
 Hill in Milton, now a state reser-  
 vation near Boston and the high-  
 est hill in the eastern part of the  
 state. This name was later ap-  
 plied to the great bay which  
 Blue hill overlooks. It was from  
 this bay that the state was  
 named. In fact, until 1692 the  
 colony was called the Massachu-  
 setts Bay colony, and after that  
 the Province of Massachusetts  
 Bay until the Revolution made  
 it a commonwealth. Even today  
 it is often called the Bay state.

It was Capt. John Smith who  
 first made a map of the New  
 England coast and named the  
 Charles river in honor of "Baby  
 Charles," who afterward became  
 King Charles I. Other captains  
 visited the coast from time to  
 time, but it was not until the  
 fall of 1620 that the Mayflower  
 brought the first permanent set-  
 tlers to the Massachusetts shore.  
 The landing of the Pilgrims at  
 Provincetown and Plymouth  
 three hundred years ago was re-  
 cently celebrated. Of the origi-  
 nal one hundred passengers on  
 the Mayflower more than half  
 died during the first winter. But  
 the sturdy survivors, with in-  
 domitable courage, soon became  
 firmly established and from  
 their beginning, augmented by  
 the Puritan settlements of Salem  
 and the towns around Boston,  
 grew the state of Massachusetts,  
 which now extends over 8,288  
 square miles. In proportion to  
 its area Massachusetts is second  
 only to Rhode Island in popu-  
 lation and has eighteen presiden-  
 tial electoral votes. This makes  
 Massachusetts one of the six  
 most important states from a po-  
 litical point of view.

## COLLEGE OF INDUSTRIAL ARTS

(State College for Women)  
DENTON, TEXAS

The College of Industrial Arts offers the following advantages to  
 Texas girls: (1) a pleasant, healthful, and accessible location in the  
 State of Texas, (2) an unimpeachable moral and religious environment,  
 (3) freedom from distracting internal and external influences which  
 tend to lower the morale of the student body and the value of the work  
 of the College, (4) a standard of living that discourages extravagance,  
 and promotes a democratic spirit in keeping with sound economy and  
 with the best American traditions, (5) courses of study that combine  
 sound culture and accomplishment with preparation for practical, useful  
 living; that chiefly keep in view the needs of the present and the future;  
 and that are flexible enough to allow, within safe limits, conformity  
 with the aptitudes and inclinations of the individual student, (6) a fac-  
 ulty of college and university trained specialists—men and women of  
 maturity, scholarship and demonstrated teaching ability, (7) an admin-  
 istrative system that develops initiative, resourcefulness, and self-con-  
 trol on the part of its students, and fosters the highest ideals of char-  
 acter and conduct.

It is a College of the first class and gives literary, technical, and  
 vocational training of the best quality, designed to develop mental dis-  
 cipline, social culture, spiritual vision, and efficiency. It confers the  
 degrees of bachelor of arts, bachelor of science, bachelor of music, bache-  
 lor of business administration, and bachelor of literary interpretation;  
 awards vocational diplomas and certificates, and issues teacher's State  
 certificates.

The next session of the College opens Tuesday, September 20, 1921.  
 For further information or for the latest catalogue, address

F. M. BRALLEY, LL. D.,

President, College of Industrial Arts, Denton, Texas.

## WILL GIVE PLAYS FOR LIBRARY FUND

TWO ONE ACT SKITS WILL BE  
STAGED THURSDAY NIGHT  
BY LOCAL TALENT.

Two one act plays, participated in by nine of Vernon's young people, will be staged Thursday night in More's Theater for the benefit of the book fund of the public library. Miss Anna Jo Pendleton, who was graduated from the school of oratory of Northwestern University last spring, is directing the productions.

Both plays are comedies. "Suppressed Desires" is a satirical skit in two scenes written by Geo. Cram Cook and Susan Glaspell. But three characters are included in the cast. They are Stephen Brewster, Henrietta Brewster and Mable and they will be enacted by Roy Parrish, Ruoy Thomas and Mozelle Parker.

The second play "Our Neighbors" by Zana Gale, has a human interest theme and is full of real fun. The characters have been cast as follows: Miss Trot, Melba Ruth Pickens; Miss Abel, Cleo Bowers; Miss Moran, Frances Kemp; Miss Ellsworth, Elsie O'Neal; Inez, Birdie Hiatt; Grandma, Thelma Sherrill; Peter, Evans Mason; and Ezra, Hubert Sewell.

It is hoped by those in charge of staging these plays that the public will appreciate the fact that what is spent to see this entertainment will come back to the ticket purchaser in the form of new books in the library.

The first play will begin about 8:45 o'clock Thursday night, immediately following the picture show which begins at 7:30.

Miss Mattilene Lloyd and Peyton Phillips will furnish music during the evening.

### HEALTH HINTS

Do not hibernate—ventilate.  
Fight the good fight—for health.  
A crust with health is better than rich food and illness therewith.  
What will it profit a man if he gain a fortune and lose his health?  
Correct habits of life go a long way towards antidoting the evils that follow in the train of disease.

See the play for the benefit of the Library Book Fund at More's Thursday, September 8, 7:30 P. M. Admission 25c, 50c, and 75c, including war tax.

### NEWSPAPER MEN GOLF WITH PRESIDENT HARDING

President Harding won the third prize in the golf match between newspaper correspondents in Washington, D. C. Left to right: R. Byron Moss, of the Washington Times; Will Mott Lewis, of the London Times; President Harding; W. E. Brigham of the Boston Transcript.

### MILK BY-PRODUCTS GOOD

#### FOOD FOR YOUNG ANIMALS

While whole milk is nature's balanced food and is valuable for young animals, skim milk and other creamery by-products such as buttermilk and whey, are also useful feeds, say specialists of the United States Department of Agriculture. Skim milk is fed to young pigs in the proportion of about 3 pounds to 1 of concentrates, such as corn meal or shorts. Buttermilk, which has not been diluted too much with water, has nearly the same feeding value as skim milk. It is a better food for swine than for calves because it is apt to cause digestive disturbances when fed to the latter, unless considerable care is used. Whey is used almost exclusively in feeding swine. It is about two thirds as valuable as skim milk as a food. Accordingly from 10 to 12 pounds of whey are equivalent to 1 pound of grain. Sweet skim milk, when supplemented with other feed such as corn meal or wheat shorts, is very good.

### Open Column.

Harrold, Texas, September 1, 1921.—Vernon Record. Dear Sir: I would like to answer the letter of L. G. Hawkins in a recent issue of The Record, as Mr. Hawkins is a good friend of mine. I wish to answer him through your paper. He stays there in the bank and gets under the influence of a good ten cent cigar, and thinks the farmers are all getting rich, and can stand to pay lot more taxes than they are now paying. I beg to differ with him.

There is not a farmer or ranchman in the state but has run his grass land at a great loss. As for the farmer, all the grain and all other crops considering the price received, he is now paying all the taxes he can stand. I think Mr. Hawkins is a good banker and I am perfectly willing for the people in the city to put all the bonds they would like to have on the city, but I do think the people in the city ought to leave it to the people in the county to say what bonds shall be put on for country roads. I am absolutely opposed to putting any twenty-five or thirty-year bonds on our county for the rising generations to pay. Respectfully,  
I. G. SHOWERS.

#### Sleep in Comfort.

You spend one-third of your life in bed. Why not sleep comfortably? Use one of our mattresses, and you will be comfortable. T. H. Price Mattress Factory, 221 North Bowie. Phone 453. 6S-8tc Adv.

## LOCAL ICE PLANT REPAIRS BREAKS

IG ENGINE HAS BEEN OUT OF  
COMMISSION SINCE  
AUGUST 11.

An express shipment rushed to Vernon from Waynesboro, Pennsylvania, has enabled the local ice plant to get ready in record time to again turn out ice in large quantities, following its breakdown August 11. Express charges on this shipment cost the Texas Public Service Company \$212.13.

It was about 2 o'clock the morning of August 14 that the larger of the ice making machines at the local plant went to pieces. Immediately a telegram was sent to the Frick Ice Machine Company and the next day a factory representative reached Vernon. Repairs were ordered, and after being loaded in car at Waynesboro were not transferred en route. Tomorrow the big machine will again be turning out ice.

The mercury was sizzling around August 14, and few people around Vernon knew anything of the mishap to the big ice making machine. In order to avoid a local ice famine, J. N. Johnson, local manager of the Texas Public Service Company, went to Wichita Falls the day of the accident and arrangements were made for daily shipments. A small machine at the local plant furnished ten tons a day, or about one-third of the amount consumed.

THE Merchants who advertise in this paper will give you best values for your money.

## SHACKLETON-ROWETT GOING TO FRIGID ZONE

This picture shows the Quest, commanded by Sir Ernest Shackleton, which left Southampton, England, last week, as she was leaving the British port. The Quest was flying the white ensign from the stern; the Royal Yacht Squadron Pennant from the mainmast and the Union Jack, which was presented by the King of England, on the foremast. Among the equipment being taken on the trip is a specially designed airplane for use in the ice-bound region about the South Pole.

## THERE IS NO MYSTERY IN ADVERTISING

When anyone discusses advertising with you, don't be mystified, misled or too gullible.

Advertising is simply a selling force which can be used profitably or abused flagrantly.

The average advertising does not produce immediate tangible results. They come finally as the result of persistent, cumulative appeals.

The only type of advertising from which one may normally expect immediate tangible returns is the kind making specific appeals likely to stimulate immediate action, namely, 1, price; 2, novelty; 3, seasonable.

The business-like principle establishing advertising as an economical selling force is that it reaches people en masse—thousands, millions—while admittedly the personal salesman is always the most effective method, advertising supplements that personal work by covering instantly miles of territory and countless calls which the individual obviously could not do. Now, insofar as your immediate needs are concerned, the main thing to make sure of is to buy the kind of advertising that reaches the greatest number of possible customers in precisely the territory you do, or can serve.

The mediums that reach the greatest number of people in any given territory are the newspapers.

It is to your advantage, therefore, to demand of manufacturers' salesmen newspaper advertising. There is no reason why you should stock or push merchandise advertised in mediums reaching only a few people in your territory, because obviously such a limited appeal cannot bring you much business. As a matter of fact, what frequently happens in such instances is that the merchant, and not the advertising, moves the goods. Understand that advertising is simply mass selling; that mass selling is but a development of individual selling; that no principle is applicable in mass selling that is not right in individual selling.

Therefore, and obviously, through newspapers, as through individual selling, the greatest number of possible customers are appealed to right where the goods are on sale.

## VERNON HOLDS OPEN FOR MORE THAN 600 SHRINERS OF DISTRICT

(Continued from Page 1)

range the marchers in order. Mrs. Maskat and the children meanwhile flocked into the cars drawn up to receive them.

### March to Town.

There came a final survey of the befezzed army, and the drum major swung his baton in the air. At its descent the column began to move, and headed up Main street toward the square. There was a rattle from the snare drum, a boom and a clash of cymbals from the base, and Maskat's band was living up to the reputation it has established as the most efficient organization of its kind in Texas.

Behind the band and the patrol came the marchers in shirt sleeves. At their head marched Grand Commander L. G. Hawkins with a group of visiting notables. The court house was circled while all Vernon watched from every point of vantage, and then the visitors were bundled into cars and taken to Hill Crest.

### Mayor Offers Welcome.

There was a welcome from Mayor Harry Mason on behalf of the citizenry of Vernon and Hill Crest Country Club in which he assured the visitors they were welcome in more than the ordinary sense of the word.

"So often in the daily goings and comings of life," he said, "we hear the word spoken with such an empty, hollow sound. It seems to mean so little, sometimes, as it passes from lip to lip. A word is only a word when it lacks the ring of sincerity—even a word that may mean so much when it comes from the depth of the heart."

"Somehow on this occasion I feel that there is no need to say it at all. There are so many other ways to express it. I feel that you have already felt your welcome without assurances on our part. You have seen it in our eager eyes, our joyous smile, have felt it in our hearty handshake. You must have caught it from the very air around us."

"We are just going to put forth every effort to prove to you how much we appreciate your coming—trusting it will be a joy to you as well as to us. And we do want to repay as much as possible for the pleasure that your presence brings to us by doing or saying something that will make you feel that it is good to be here."

### Greeting From Club.

There came next a welcome by R. D. L. Killough in behalf of the local Shrine Club and Nobles. These greetings were responded to by Walter D. Cline, mayor of Wichita Falls and Shrine officials.

After that Maskat and local Nobles could not wait longer, and there was a concerted rush for the basement where the barbecue and lunch were to be served. Long tables had been arranged, and one passed along and helped himself from the plates of good things spread before him. Mesdames Noble were in charge of the serving, and permitted no one to leave the room unless their knees sagged at least a trifle under the burden of "eats" that they bore.

Upstairs there was dancing, and Maskat was given carte blanche to do as he pleased. There was golf for those so inclined, tennis, swimming, boating, and then—just the delicious privilege of stretching out on the grass under the spreading branches of a shade tree and feeling at peace with life in general.

### Rain "Glances Off."

Rain in the evening failed entirely at dampening the exuberance of those participating in the jollification. Old and young noble "shook a foot" in the club dance hall, or stood around the

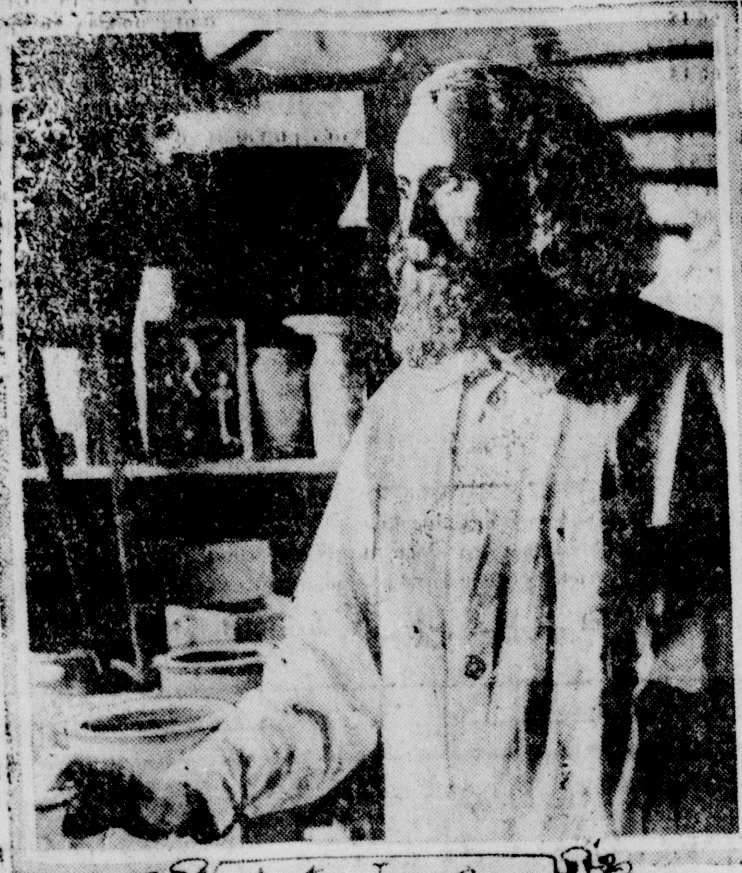

## SAYS WOMEN WHO APE MALES GET MALE WAYS

Col. Binshah Ghadiali

Colonel Binshah Ghadiali, the noted Parsee psychologist, has issued a warning that woman who ape men will lose their equilibrium and take on male characteristics, even to growing beard. From Paris comes the startling news that French doctors are able to prove by statistics that alcohol and cigarette cause an abnormal growth of hair on the faces of those who indulge to excess.

## OBERRAMMERGAU TO STAGE PASSION PLAY IN 1922

Anton Lang, the potter of Oberammergau, has been cast for the role of Christ, in the great Passion Play, and has already made his role famous.

The photograph shows Lang at work in his shop. Oberammergau has not staged its famous Passion Play since 1910 and is now preparing to give its next performance in 1922. The Passion Play was first produced in 1633, following the Thirty Years' War, and was an offering to the Lord in supplication for relief from the dread pestilence that had swept through Southern Bavaria in the wake of the great religious war. The Passion Play was then produced every ten years without a break, according to the vow of the people of Oberammergau. The great war interrupted its regular production for the first time in the play's history.

walls of the room while their fellows performed.

Finally Grand Commander Hawkins walked to the center of the hall and raised his hand for attention. "The train leaves before very long," he informed the happy group before him, "and we're going to start for the station now."

A tall Maskater bounced out beside Mr. Hawkins. "Just to show 'em we've had a good time," he shouts, "Let's give nine rabs for Vernon! All together."

There is a thunderous response from his fellows, a general handshaking all 'round, and one of the most memorable occasions in local club annals has been brought to a happy termination.

### IS BUILDING CURING PLANT.

W. A. Walker Confident Sweet Potato Field Will Yield 200 Bushels To An Acre.

W. A. Walker and associates are completing the erection of a sweet potato curing plant near Rayland. Work was started on the plant about ten days ago. It will have a capacity of 5,000 bushels and can be added to. Mr. Walker has also received a carload of crates.

"I am confident a great deal of my field will yield 200 bushels to an acre," Mr. Walker said to a reporter. At that, sweet potatoes are the best crop we have found.

Mr. Walker has been hauling potatoes by the truck load to Crowell. He brought some to Vernon, but says local merchants do not buy as readily as do grocers at Crowell.

## WANT RADIO STATION HERE.

Association Believes Travelers Through Vernon Would Be Aided By Device.

A request that Vernon establish a radio station to aid travelers over the Colorado-to-Gulf highway has been made by the Circle Auto Men's Association of America. First plans were to establish telephones on the route, but when it was found impossible to obtain Bell service, the scheme was deemed impracticable.

Dallas is credited with possessing the third largest radio station in the United States. Through it that city sends and receives highway reports and auto thefts under the supervision of the West Gulf Division of the American Radio Relay League.

Texas, New Mexico, and Oklahoma are also included in the league which embraces thirty-five stations. An instrument costs \$175 to install.

### Return From Colorado.

Mrs. J. A. Lucky, Miss Verna Lucky and Miss Enid McCarroll returned Thursday afternoon from Colorado where they have been for the last six weeks. They left here July 20 and drove to Colorado Springs, making the trip in six days, and from there they went to various other places in Colorado. They made the return trip in four days.

### Depository Bids.

Notice to any bank, or individuals, Corporations or any banking institution desiring to bid on the City Funds as City Depository are hereby notified to submit sealed bids therefor with the City Secretary of the City of Vernon, Texas not later than September 13th 1921. The City reserves the right to reject any and all bids.

## PREMIUM AWARDS TO VARIETY OF DISPLAYS AT FAIR

Judges Occupied For First Two Days In Selecting Winners—County Women Take Active Part In Contributing To Success of Exhibits—Prizes Are Awarded in Each Department.

Judges were kept busy the first two days of the fair in awarding premiums to competitors in all of the various exhibits on hand. Each separate department was presided over by a head, and there were also separate judges for each of the events. County women have taken an active part in contributing toward the success of the fair this year, and most of the displays were of an exceptionally high order.

The various departments and those in charge were: Textile—Mrs. Everett Haney; Fine Arts—Mrs. S. W. Bailey; Culinary—Mrs. R. H. Coffey and Mrs. Hub Colley; Club Girls—Miss Eula Goodfellow and Miss Bess Edwards; A. and M. College—Mrs. Bertha Ross; Agricultural—Lon Ryars; Livestock—Guy R. Jones; Poultry—T. L. Rouse.

**Awards For Textiles.**  
In the textile department, the following awards were made to ladies more than 60 years old.

Tatting—Mrs. P. M. Morris; white embroidery—Mrs. J. J. Little first; and Mrs. C. B. Mason second; colored embroidery—Mrs. C. B. Mason; called quilt—Mrs. C. B. Mason.

Under the classification of lace the following awards were made.

Tatting—Miss Claudie Kincheor first; Mrs. J. A. Long second; knitting—Mrs. R. H. Coffey first; Miss Claudie Kincheor second; crocheted—Miss Anna Belle Vanek; infant's sock—Mrs. Clarence Haney; knitted shawl—Mrs. Howard Timberlake; crocheted spread—Mrs. J. B. Morris first; Miss Esther Swartwood second; centerpiece—Mrs. Howard Timberlake first; Mrs. W. F. Martin second; lunch set—Miss Jimmie Cox first; Miss Minnie Adams second; filer crocheted—Mrs. J. B. Morris.

**Wins French Embroidery.**

Under the classification of French embroidery, Miss Esther Swartwood took first place; eyelet embroidery—Mrs. J. B. Morris first; Miss Esther Swartwood second; colored embroidery—Mrs. J. B. Morris first; Mrs. R. H. Coffey second; punch work—Mrs. M. J. Pike first; Miss Lucile Samuels second; lady's gown—Miss Esther Swartwood first; Mrs. R. H. Coffey second; table cloth embroidery—Miss Mary Cox first; drawn work—Mrs. M. J. Canafax first; embroidery monogram—Mrs. Everett Haney first; embroidered towel—Mrs. C. M. Blair first; embroidered spread—Mrs. Everett Haney first; Miss Pearl Pike second.

Under the classification of plain sewing are found the following results:

Handkerchiefs—Mrs. J. B. Morris first; Mrs. Howard Timberlake second; calico quilt—Mrs. Ernest Hampton first; Mrs. R. E. Anderson second; hemstitching—Mrs. E. M. Haney first; novelty sewing—Miss Jimmie Cox first; Mrs. L. B. Smith second; sofa and floor pillow—Miss Helen Hatt first; Miss Charlie May Northercraft second.

**Girls Win Awards.**

In the competition for girls under 18 years, first place for handkerchiefs was taken by Maurine Davis; fancy dressed girls—Vynetta Little; misses dresses—John Kelly Housels first; Adele Housels second, embroidered towel—Mildred Weekly first; Maurine Davis second; plain sewing—John Kelly Housels first; Adele Housels second.

There were 137 entries in this department, the textile, and judges were Mrs. Roy Martin, Mrs. Rupert Sewell, and Miss Vynetta Denny.

Under the classification of fine arts the following awards were made for decorative plants:

Swinging basket—Mrs. R. B. Gibson; window box—Mrs. R. B. Gibson; collection of plants—Mrs. R. B. Gibson first; Mrs. L. A. Hollar second; plumosa fern—Mrs. R. B. Gibson; fern—Mrs. McElroy; cactus fern—Mrs. R. H. Coffey; verbena—Mrs. A. B. Swartwood; American beauty rose—Mrs. A. B. Swartwood; Shasta daisies—Mrs. A. B. Swartwood; palm—Mrs. L. A. Hollar; golden glow—Mrs. S.

## TRIANGLE DRILLERS COMMENCE WORK AFTER LONG WAIT

Expect To Take Hole Down To 2,160 Feet By Oct. 15.—Six Days Required To Clean Out Well—Rig Skidded Mile and a Half—Pyramid 2 Will Be Started Next Week.

Drilling on the new Triangle well south of town commenced Saturday, according to advices furnished from the office of that company, and the old hole, formerly known as the Burton well, has been thoroughly cleaned out. "It's as clean as a whip" is the way company officials characterize the work.

The hole is now more than 600 feet deep and 70 feet were negotiated yesterday. Progress is through blue shale, and the formation is said to be practically the same as that encountered in the Pyramid well.

**Hole Cleaned Quickly.**

It was necessary to move the rig for the Triangle operations a mile and a half from the old location. This task was completed after great difficulty, and the hole cleaned out in six days.

According to W. C. Stroube progress is easier than in the other well. Officials expect to take the well down to 2,160 feet by October 15.

**Pyramid To Be Started.**

Pyramid well number 2 will be started next week, not later than Monday, according to a statement made in the Sigler office this morning. The derrick will be completed tomorrow, and according to George Hedgewood, there will be no delay on this well. Eloi Simon will be head driller, and J. S. Russell will have charge of the work nights. The men are said to be two of the most competent drillers in the state.

**Livestock Division.**

In the individual pig club honors in the individual pig club, honors went to Arnold Whitel with a Poland China gilt, Glyn Parnley took second with a Duroc, and Oscar Hale third with a Poland China. The prize sow and litter was won by Arnold Whitel, and Glyn Parnley took second.

In open competition, the prize junior yearling boar belonged to Joe Orr, with A. L. McGinnis, second; junior boar pig—C. E. Blevins first and second; Glyn Parnley third; grand champion boar—Bourland and Sharp; Joe Orr second; aged Poland China sows—Joe Orr first, Bourland and Sharp second, and Arnsa Whitel third; senior yearling sows—Joe Orr; junior yearling sows—Bourland and Sharp first, Joe Orr second; aged herd—Bourland and Sharp first, Joe Orr second; Vergil Thompson second; Henry Sherman third; junior champion boar—C. E. Blevins; junior sow pig—C. E. Blevins first, Arnold Whitel second and third; young herd—C. E. Blevins.

**Collins Wins Honors.**

Honors in the short horn cattle division belonged practically in entirety to Joe Collins of Odell. With a few exceptions, other stock could not be considered even in the judging. A. J. Robinson, however, was first place with his aged bull. In the Duroc Jersey class for hogs, Glyn Parnley had no competition and won the premium with a sow and ten pigs. The hog exhibited was considered high class in every respect, although the animals submitted were limited in number.

In the boys' agricultural club exhibits there were the following results:

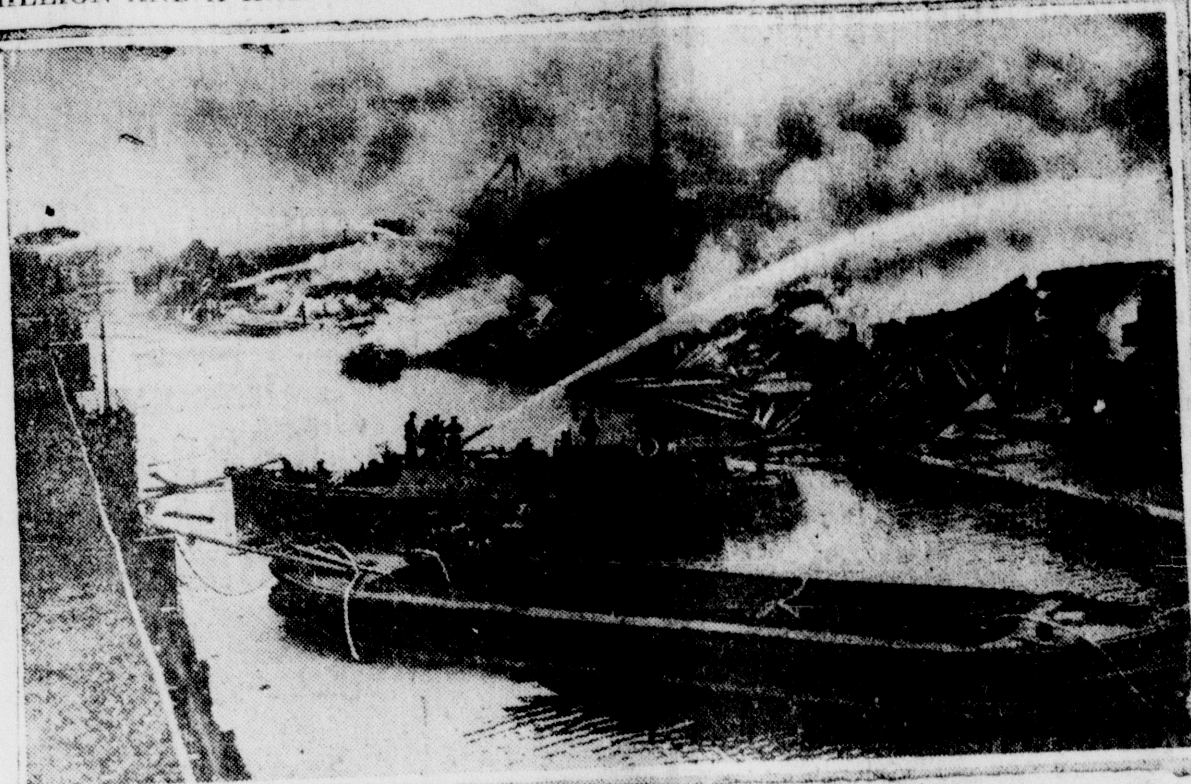

Corn—Furman Priddy first, Calvin Littleton second, Overton Coon third; peanuts—Stanley Richie first, Weldon January second; cotton—Calvin Littleton first, Theodos Coon second; milo maize—Douglas Wallace first; Gordon Madden second; Eunis Hughes third; kaffir—Tom Sullivan first; Gordon Madden second, Wesley Pilgreen third; feterita—Carl Cummings first; Alvin January second; Hulen Coon third.

Judges in the livestock and grain divisions were P. D. Chaney, farm agent of Foard county; M. B. Oates, agricultural agent of the Denver railroad; and R. E. Corey of Harrold.

**Garden and Orchard.**

In the farm garden and orchard department, the award for produce all from one farm was won by Mrs. M. A. Isham with Richard Taylor second, one-half bushel maize—Burdard Rier.

## MILLION AND A HALF DOLLAR LONDON BLAZE ATTRIBUTED TO UNEMPLOYED

Twenty-one acres of lumber in the yards of Gilksten & Son Ltd., at Stratford, London, burned for more than six hours, baffling the attempts of the fire department to extinguish the blaze. Although Scotland Yard claims that the unemployed had nothing to do in connection with the fire, members of the firm insist that it was set on fire by some unemployed who had nothing to do in connection with the fire. In response to an advertisement calling for twenty porters, at 88 per week, 5,000 applicants appeared. The fire was discovered shortly after the twenty men selected had gone to work.

## CARNIVAL ATHLETES COME TO GRIEF

LOCAL WRESTLERS AND BOXERS  
OFFER TOO SEVERE  
COMPETITION.

Wrestlers with the DeKreko Bros Shows at the County Fair struck a stormy session Saturday night when they lost three out of the four matches on the program. Joe Kopeky, the big grappler with the carnival, thumped himself on the chest and proclaimed himself not merely master of all he surveyed but even of lands afar by virtue of an edict of "The Police Gazette," but Steve Maynot, proprietor of the Liberty Cafe, would not be convinced until he had personally tested out Mr. Kopeky's prowess.

As a result the self-proclaimed champion was pinned to the mat in eight minutes with six Steve calmly astride him. The crowd went wild when Referee Dick Bowers patted the local wrestler on the back.

**Webb Is Victor.**

Immediately following this match, D. Webb of Wilbarger county jolted another of the show athletes so severely in the solar plexus that the latter was obliged to take the count because of the resultant inconvenience. The bout was scheduled for six rounds, but Webb inconsiderately dropped his opponent before the allotted time.

In the first match of the evening, a little wrestler hailed as "Jack" from Wichita, Kans., secured a toe hold on a representative of the DeKreko shows and obliged the latter to give up. The match was one fall to a finish. Jack Curley of Wichita Falls was thrown by Kopeky during the evening.

There were several good matches during the fair. Local wrestlers and boxers took advantage for the most part of the opportunity to test their skill against outside opponents.

## GREEN PIG AT FAIR VIEWED BY HUNDREDS

One of the most interesting exhibits at the County Fair was the green pig in the agricultural department. The wonder was contained in an unpretentious box provided with a lid.

Curious ones were instructed to stand upon a bale of hay and peer into the depths to view the unusual specimen. The efforts of the spectators were rewarded by gazing into a mirror placed in the bottom of the box. The exhibition proved popular every day of the fair and was surrounded continually with a large crowd.

**Sees Improvement In Town.**

W. R. Ward of Prosser, Ark., is in Vernon visiting relatives and friends. These include his nephew, Arthur Ward, and A. L. O'Donnell and W. R. Hill. Mr. Ward has been visiting here since 1901 and states that he notes an improvement in the town each time he comes. He remarked especially on the amount of payment paid here.

**Abandon Allingham Well.**

Drilling on the Allingham well east of town was abandoned Saturday, according to R. E. Allingham. The hole from one farm was 3200 feet. Contract was made with Richard Taylor second, one-half bushel maize—Burdard Rier.

## ENGAGE IN PISTOL DUEL ON MAIN ST.

PARTICIPANTS ATTEMPT TO SET-  
TLE GRUDGE WITH  
BULLETS.

A pistol duel, said to have been caused by a grudge, occurred on North Main street about 6 o'clock Sunday evening when a painter whose name the sheriff's office gave out as R. H. Lee and a man said to be named Ray exchanged five or six shots. Neither was hit by the flying bullets.

There is a question concerning which participant fired the first shot. According to witnesses who were in the neighborhood of the shooting, Ray was standing on the curb across the street from the Coca-Cola Bottling Works when Lee, with a companion, approached in a car going south. One or the other drew a revolver and commenced firing, and the shots were immediately returned. Bullets passed through two fenders on Lee's car.

Arrests in the case were made by Sheriff W. A. Ish. Lee gave bond but the other is being held in the county jail.

**RACES SATURDAY BEST OF FAIR.**

Wild Bull and Pitching Horses Offer Additional Amusement to Crowded Grandstand.

Races at the County Fair Saturday were probably the best of the entire week. Exhibitions of fancy riding during the intervals between events kept the crowd interested, and made the afternoon more lively.

In the five-eighths of a mile race, Morewood, belonging to Tom Brashers, led the field. He was followed by L. S. White, the horse of Atwell and Lumpkins, and Headlight, belonging to J. F. Ogles. In the three-eighths of a mile event, Jodie Click, belonging to Atwell and Lumpkins, romped home ahead of his competitors. Red Elk, belonging to J. F. Ogles, was second; and Kirtie Wall, belonging to M. G. Wall, third. In the mile derby Marshall Tillman, belonging to Bill Sapp, was first; Brindmore, belonging to E. C. Foy, was second; and Gus Enloe, belonging to A. D. Ballew, was third. Time in the event was 1 minute and 50 seconds.

A two-mile relay race in which the riders saddled a mount each half mile was won by J. I. Mulkey of Chillicothe. Races Friday were also hotly contested. In the three-eighths of a mile event Jodie Click, belonging to Atwell and Lumpkins, crossed the line in the lead of Kitty Wall, property of S. G. Wall, and Red Ball, belonging to C. L. Scott. In the five-eighths mile race Rosells, belonging to Thompson and Berry, finished first; Morewood, the property of Tom Brashers, was second; and Nohow, belonging to B. Norton, was third. In the half mile event Daylight, belonging to J. E. Ogles, was first; Red Wing, belonging to E. P. Waggoner, was second; and Oude, the property of G. M. Brown, was third.

**Granddaughter to Dr. Howard.**

Dr. A. E. Howard is now three times a grandfather. A girl was born Saturday to Mr. and Mrs. W. E. Bradley Jr. The young lady has been christened Josephine Elizabeth. Mrs. Bradley was formerly Miss Myrtle Howard.

## RELICS AT FAIR INTEREST VISITORS

MANY DISPLAYS IN BOOTH DATE  
BACK TO EARLY DAYS  
OF COUNTY.

A booth possessing considerable interest at the County Fair was that containing a valuable collection of relics, many of which dated back many years. Mrs. Bertha Ross was in charge of the specimens, and contributed to the exhibit a counterpane 60 years old, made in 1831. The bed covering is of blue and white, and is still in use in Mrs. Ross home at Doans. The date when it was made is woven into the counterpane.

A sampler belonging to Mrs. Ross was made in 1836, and a brass dish from a Chinese temple is 700 years old.

**Articles From Shells.**

A curiously hammered lamp and vase made from French 75 shells were contributed by C. C. Manis, who made them while overseas with the fighting forces. The articles show excellent workmanship and are cleverly designed.

A geography 70 years old shown at the fair is the property of Lee Armstrong of Doans. Concerning the county the book says, "This portion of the country is inhabited by wild tribes and is the Great American Desert. It extends over into the Indian territory."

Three quilts exhibited by Mrs. J. W. Ladd were exquisite in design. The oldest was made by Mrs. Ladd in 1877. Clyde Watts exhibited various parts of overseas equipment as well as French and German money. Miss Verne Chapman submitted a coverlid made by her great-grandmother in 1862.

**Vernon In Older Days.**

A picture of a trade carnival held in Vernon in 1892 was shown by J. H. Pennington. Young ladies represented various local firms in the picture, and on a banner in the foreground is the following inscription, "Vernon sold in 1891—binders 547, threshers 47, plows 1374." In the year 1891 Wilbarger county enjoyed a bumper wheat crop. J. A. Creager had on display a cap and ball pistol, both of which are relics of the Civil War. There was also a knife purchased in 1881 before Vernon possessed a hardware store.

Mrs. Ism of near Tolbert displayed old fashioned fancy ware quilts. Other specimens shown by Mrs. Ism were flowers made of hair and wool.

## GRAND JURY GOES INTO SESSION AND COURT OPENS

Wilbarger county's grand jury went into session Monday, September 5. It is composed of the following men: W. T. Collins foreman, R. B. Richardson, C. S. Rutledge, Rescoe Rainwater, S. Smith, E. B. Gillis, R. L. Luttrell, Claude Muller, D. W. May, J. A. Parsley, J. E. Tull, Leslie Page, and J. P. King.

September term of district court also opened Monday. There will be no cases tried this week. It is probable that time will be occupied with calling and setting the docket, which is unusually heavy.

## VERNON HOLDS OPEN HOUSE LABOR DAY FOR MORE THAN 600 SHRINERS FROM ALL PARTS OF DISTRICT

Special Train From Wichita Falls Bears Delegation From That City—Band and Patrol Lead Parade Through Business Section of Town—Visitors Entertained During Day at Hill Crest Country Club—Given Privileges of Ground.

## RISE IN COTTON PRICE CONTINUES ON LOCAL MARKET

New Crop Today Quoted at 19 3/4 To 20 Cents a Pound—Farmers and Merchants Share In Optimism—Farm Bureau Rejoices That Organization Is Complete and Finances Are Available.

Cotton continues to rise in price as evidenced by the local market which is quoted today at 19 3/4 to 20 cents a pound. This price represents an increase of about 200 points over the market last Friday. Wagon loads of the season's crop coming to the gins increase each day in number, although recent rains have tended to cut down local picking somewhat.

Farmers and merchants are sharing in the spirit of optimism that has risen with the price of cotton. This sentiment is exhibited in local businesses by a heavier patronage from the country folk, and a more general settlement of bills. One top price paid for this season's crop was recorded Monday when A. H. Castlebury was paid 20 cents a pound for his cotton. Snowflake long staple, by Bennett and Scott.

**Ginnings Increase.**

Local ginnings continue to show strong. At noon today the outputs were as follows: Planters—22 today, total 135 bales; Farmers—23 today, total 175 bales; Peoples—22 today, total 278 bales. Each gin anticipated that the entire output today would reach at least 30 bales. Cottonseed is bringing \$22 a ton.

Ginnings expect their heaviest business in about another week. Cotton in the fields is opening rapidly, and many farmers expect to start picking for the second time.

Seventy-eight bales of cotton have been received at the warehouses to date. These have not as yet been taken over by the Farm Bureau although the matter is still under advisement.

**Farm Bureau Rejoices.**

The sentiment of the Texas Farm Bureau in respect to the increase in cotton price is reflected in a telegram to P. D. Chaney, Foard county farm agent, from John Orr, president of the Texas Farm Bureau Cotton Association. The wire is as follows:

"We want you and the Texas Farm Bureau Cotton Association to rejoice with us that our organization is completed, finances available, system installed, and all other arrangements made to handle cotton. Tags and drafts are being mailed to each county to be distributed, and a letter mailed to each member giving definite instructions as to the method of shipping cotton and drawing money. The price of cotton is soaring, buying is active, and the time is ripe to get quick action. So let's all put a shoulder to the wheel and make it turn. It has been a hard fight but we have won. Let everyone know that we are ready to start this mammoth enterprise and make it go."

**Fargo Church Meeting Closes.**

The Fargo Church of Christ meeting closed Sunday afternoon at 3:30 at the water's edge after lasting since August 24. Thirty-three baptisms and three redemptions were recorded during the sessions which were conducted by J. S. Dunn of Dallas. The same congregation convened a mission meeting at Doans Sunday night which will last until September 17. Kirby Bentley of West Texas is in charge.

**Will Call Pastor Sunday.**

The White City Baptist Church is to hold a special conference Sunday, September 11, for the purpose of calling a pastor. All members are requested to be present at 11 o'clock.

"Hello Noble!" Shrinedom in Vernon picked up its ears at the greeting yesterday, waved its hand, and shouted a response. It was something out of the ordinary, this form of salutation, but then the day was not one of those matter-of-fact, commonplace twenty-four-hour stretches, either, but an occasion for real jubilation, and a sort of pounding around one's heartstrings as though every person one met was some form or another of a brother.

Early in the day Shrinedom ransacked every closet in the house, and finally in the cedar chest unearthed a somewhat crumpled but serviceable red fez. Friend wife had remarked somewhat banteringly when the brilliant adornment was first set at a precarious angle on the paternal dome, but Noble had squelched her with a look and viewed himself with a considerable amount of pride and pique before the full length mirror in the hall.

**Prepares for Welcome.**

Maskat of Wichita Falls was due at 10:30 a. m., and Maskat was to be welcomed in a manner befitting its high rank among the temples in the State. Of this Noble assured himself all the while he was adjusting the fez for street wear and lining his breast pocket with a handful of stogies.

Downtown there were many "goz. One saw them on every street corner. In the stores, on the heads of owners peering from second story windows. "It looks as though the town's turned solid Shriner," Noble mused to himself as he stood and viewed the main street of the town.

**Pay Odd Bet.**

Around the court house square came a shouting, befezzed individual in a wheelbarrow. Motive power was furnished by a somewhat solemn appearing young man dressed in a gray shirt and dark trousers. "It's Jim Bomar and Chaucer Greene setting a bet on the ball game," one Noble on the curb whispered to his companion, and the two joined the crowd in voicing its approval of the odd method of reckoning with whoops and laughter.

Soon the red tops began drifting toward the station. Automobiles bearing the palcard, "Hello Noble, Use This Car" were to be seen on every hand, hurrying down Main street to the rendezvous.

Part of Vernon peeped from store and shop windows at the happy larking groups and waved its hand. Near the station two dusky Africans adorned the curb as the vanguard of the fez arrived.

"My Gawd, brotha," one was heard to whisper as his knees gave visible evidence of affording him but scant support, "de Ku Klux must ha' come to sho'."

At the Denver station were fully 200 automobiles drawn up in order for the expected delegation. Cadillac jockeys with Fords for positions, there was a tooting of horns, and a shouting of orders.

Maskat had evidently overslept itself that morning for the special train bearing it to Vernon was fully an hour late. Finally there was the shout, "There it comes," and Noble set his fez firmly on his head and hurried to the track where he formed part of a long receiving line with his brothers.

**Arrives With Flourish.**

With a shrieking of whistles and clanging of bell the locomotive, its crew adorned with fez, brought the special to a standstill beside the station. Maskat was hanging from every window but soon popped in its head and commenced an exodus through the doors. Mrs. Maskat and the children were not to be left out of the celebration and many wore cream colored fez proclaiming their affiliations.

Now bright colored red and purple suits mingled with the throng, for Maskat brought not merely its band, but its patrol as well. Noble seized a visitor and pointed toward the street. "We're going to form there," he informed his guest, "and march up town." Marshals of the day were already arranged.

(Continued on Page 8)

## MORE'S THEATRE PROGRAM

TODAY—TUESDAY—DE LUXE PROGRAM  
 THOMAS MEIGAN in "THE CITY OF SILENT MEN."  
 Comedy—"Down in Dixie and Back to Nature."  
 SHOWING WEDNESDAY.  
 GLADYS WALTON in "DESPERATE YOUTH."  
 Also a Two-Reel Sunshine Comedy.  
 PLAYING THURSDAY.  
 (Screen Classic)  
 "SOME ONE IN THE HOUSE."  
 Gayety Comedy "Turkey Dressing"  
 COMING FRIDAY  
 "DECEPTION"  
 The picture that played four consecutive weeks in N. Y. City

## GO TO THEATRE

At More's Theater.  
 Today—Thomas Meighan in "The City of Silent Men."  
 Should an innocent man who has been convicted on circumstantial evidence seek escape from prison or should he resign himself to his fate and serve out his term? Jim Montgomery might have chosen the latter alternative had his mother not been dying from grief. He made his escape and arrived home just in time to see her funeral cortege leaving the home. He goes west and builds up a new life, and is then traced there by detectives. How he finally wins his freedom makes the climax of the story.  
 Wednesday—Gladys Walton in "Desperate Youth."  
 Rosemary was a gun-fight orphan and was an unwelcome member of the household of her uncle. During his absence his wife made the very unpleasant for the little mountain girl and tried to keep her from meeting people because she was jealous for her own less attractive daughter. With the help of the old negro man, Rosemary meets Dr. Tom with whom her cousin is in love, and from then on the cousin is forced to the background in the young doctor's affections.  
 Thursday—"Someone in the House."  
 This picture tells the tale of a gentleman crook who, under the guise of his social polish, preys upon society. He coldly plans to get the jewels of a wealthy family by pretending to fall in love with the daughter. He is about to attain success when a more powerful force directs his actions and his original plans are thwarted.

### At the Pictorium.

Today—"Isobel," adapted from James Oliver Curwood's story, "The Trail's End."  
 This production has as its stars House Peters and Jane Novak. It has to do with the love of Sergeant William McVeigh for the beautiful and faithful wife of the man McVeigh has been assigned to take dead or alive—McVeigh being of the Royal North West Mounted Police. In spite of this apparent fatal triangle the two men and the woman are fast friends and their thrilling adventures in the frozen wastes "north of sixty" compose a masterful chronicle of adventure and love.  
 Wednesday—Conway Tearle in "Society Snobs."  
 Tearle has the part of a waiter, a head waiter, who is induced to woo a society girl, keeping his identity a secret. She marries him and is told on her wedding night who he really is. As a result of this knowledge she leaves him but finds that she truly loves him and later returns to him.

Thursday—Monroe Salisbury in "The Barbarian."  
 This is a picture depicting the great conflict between right and wrong. Its principal character is a clean, unsophisticated boy of the woods, knowing no phase of life except his own. He meets with a society girl with whom he falls in love and then follows a romance that is as sweet as it is rare.

### Are Married Saturday.

C. C. Draper and Miss Delta Mae Thomas were married at 8 o'clock Saturday evening in the office of Judge T. J. Griffiths who performed the ceremony. The bride is the daughter of Mr. and Mrs. B. D. Thomas who live west of Odell in Hardeman county; the bridegroom is a resident of Cass county where he and his wife will make their home.

### Bourland School Opens 12.

Bourland Consolidated School will open next Monday, September 12. All children are requested to be present and get their text books. Patrons of the school are also invited to attend opening exercises. Mrs. Gertrude Jones is principal of the school. Her corps of teachers includes Miss Mary Davis and Miss Annie Bursmith.

Will Abbott spent the weekend at Clarendon and Amarillo.

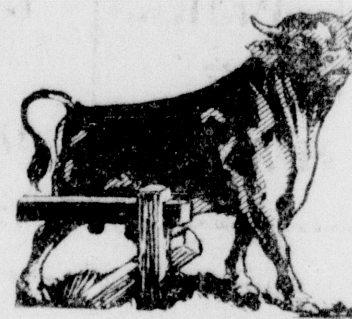

Charles Holder of Quanah spent the week-end in Vernon.

Mrs. C. C. Johnson of Carthage spent last week in Vernon visiting her aunt Mrs. T. W. Dunklin.

Miss Nan Scott of Dallas spent the week-end with her sister, Mrs. C. E. Flowers.

Mrs. L. C. Laws of Wichita Falls visited in Vernon for the Shiner celebration yesterday. Mrs. Laws formerly lived here and is a daughter of Dick Sanders, ex-sheriff.

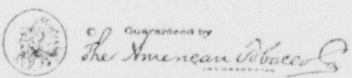

Mrs. A. D. Shepard returned Sunday from a month's visit with her parents in Doniphan, Mo. Mr. Shepard left Vernon Friday to meet her at Fort Worth.

POLICE HAUL AUTO FROM RIVER "GRAVEYARD"

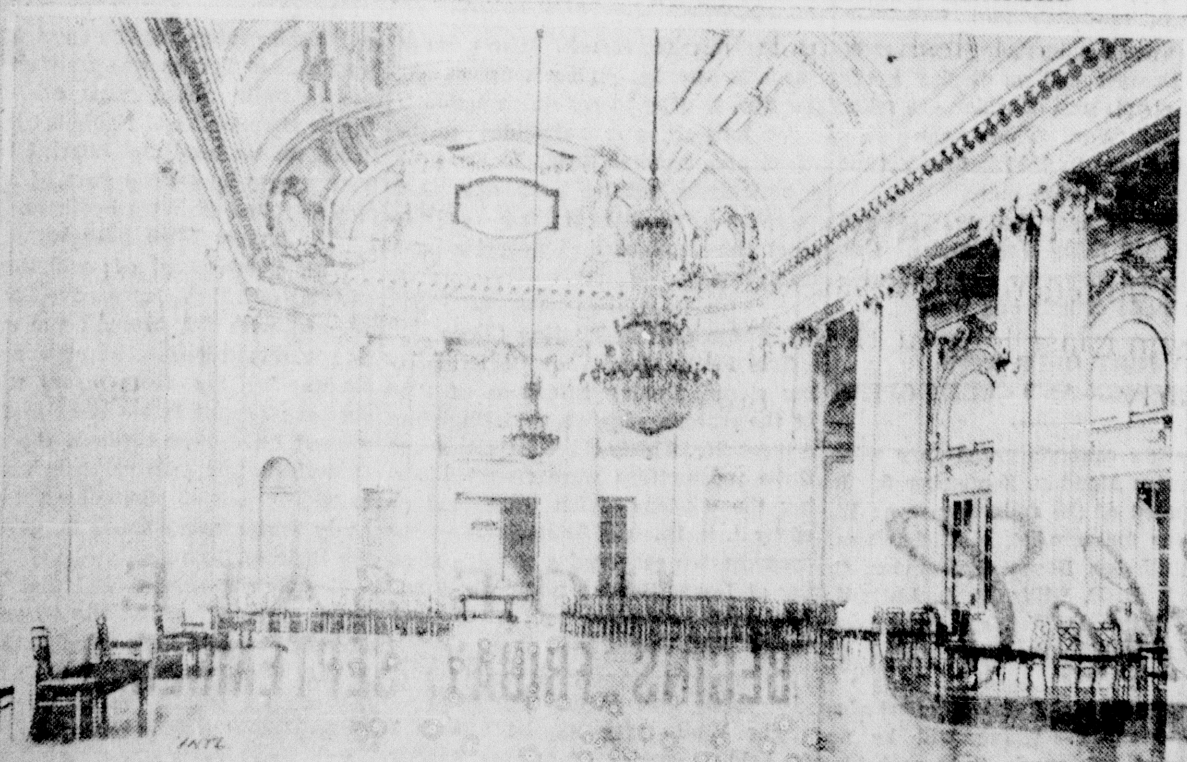

Acting on a tip received from boy-swimmers, officers aboard the police boat John F. Hyman recovered an automobile from the bottom of the East River at the foot of Tiffany street, the Bronx, New York City. Swimmers who dived, reported seeing other cars in the riverbed. It is believed that many cars have been run into the river by thieves or owners seeking insurance. The picture shows the recovered automobiles being hauled aboard the police boat.

DISARMAMENT PARLEY TO OPEN IN D. A. R. HALL

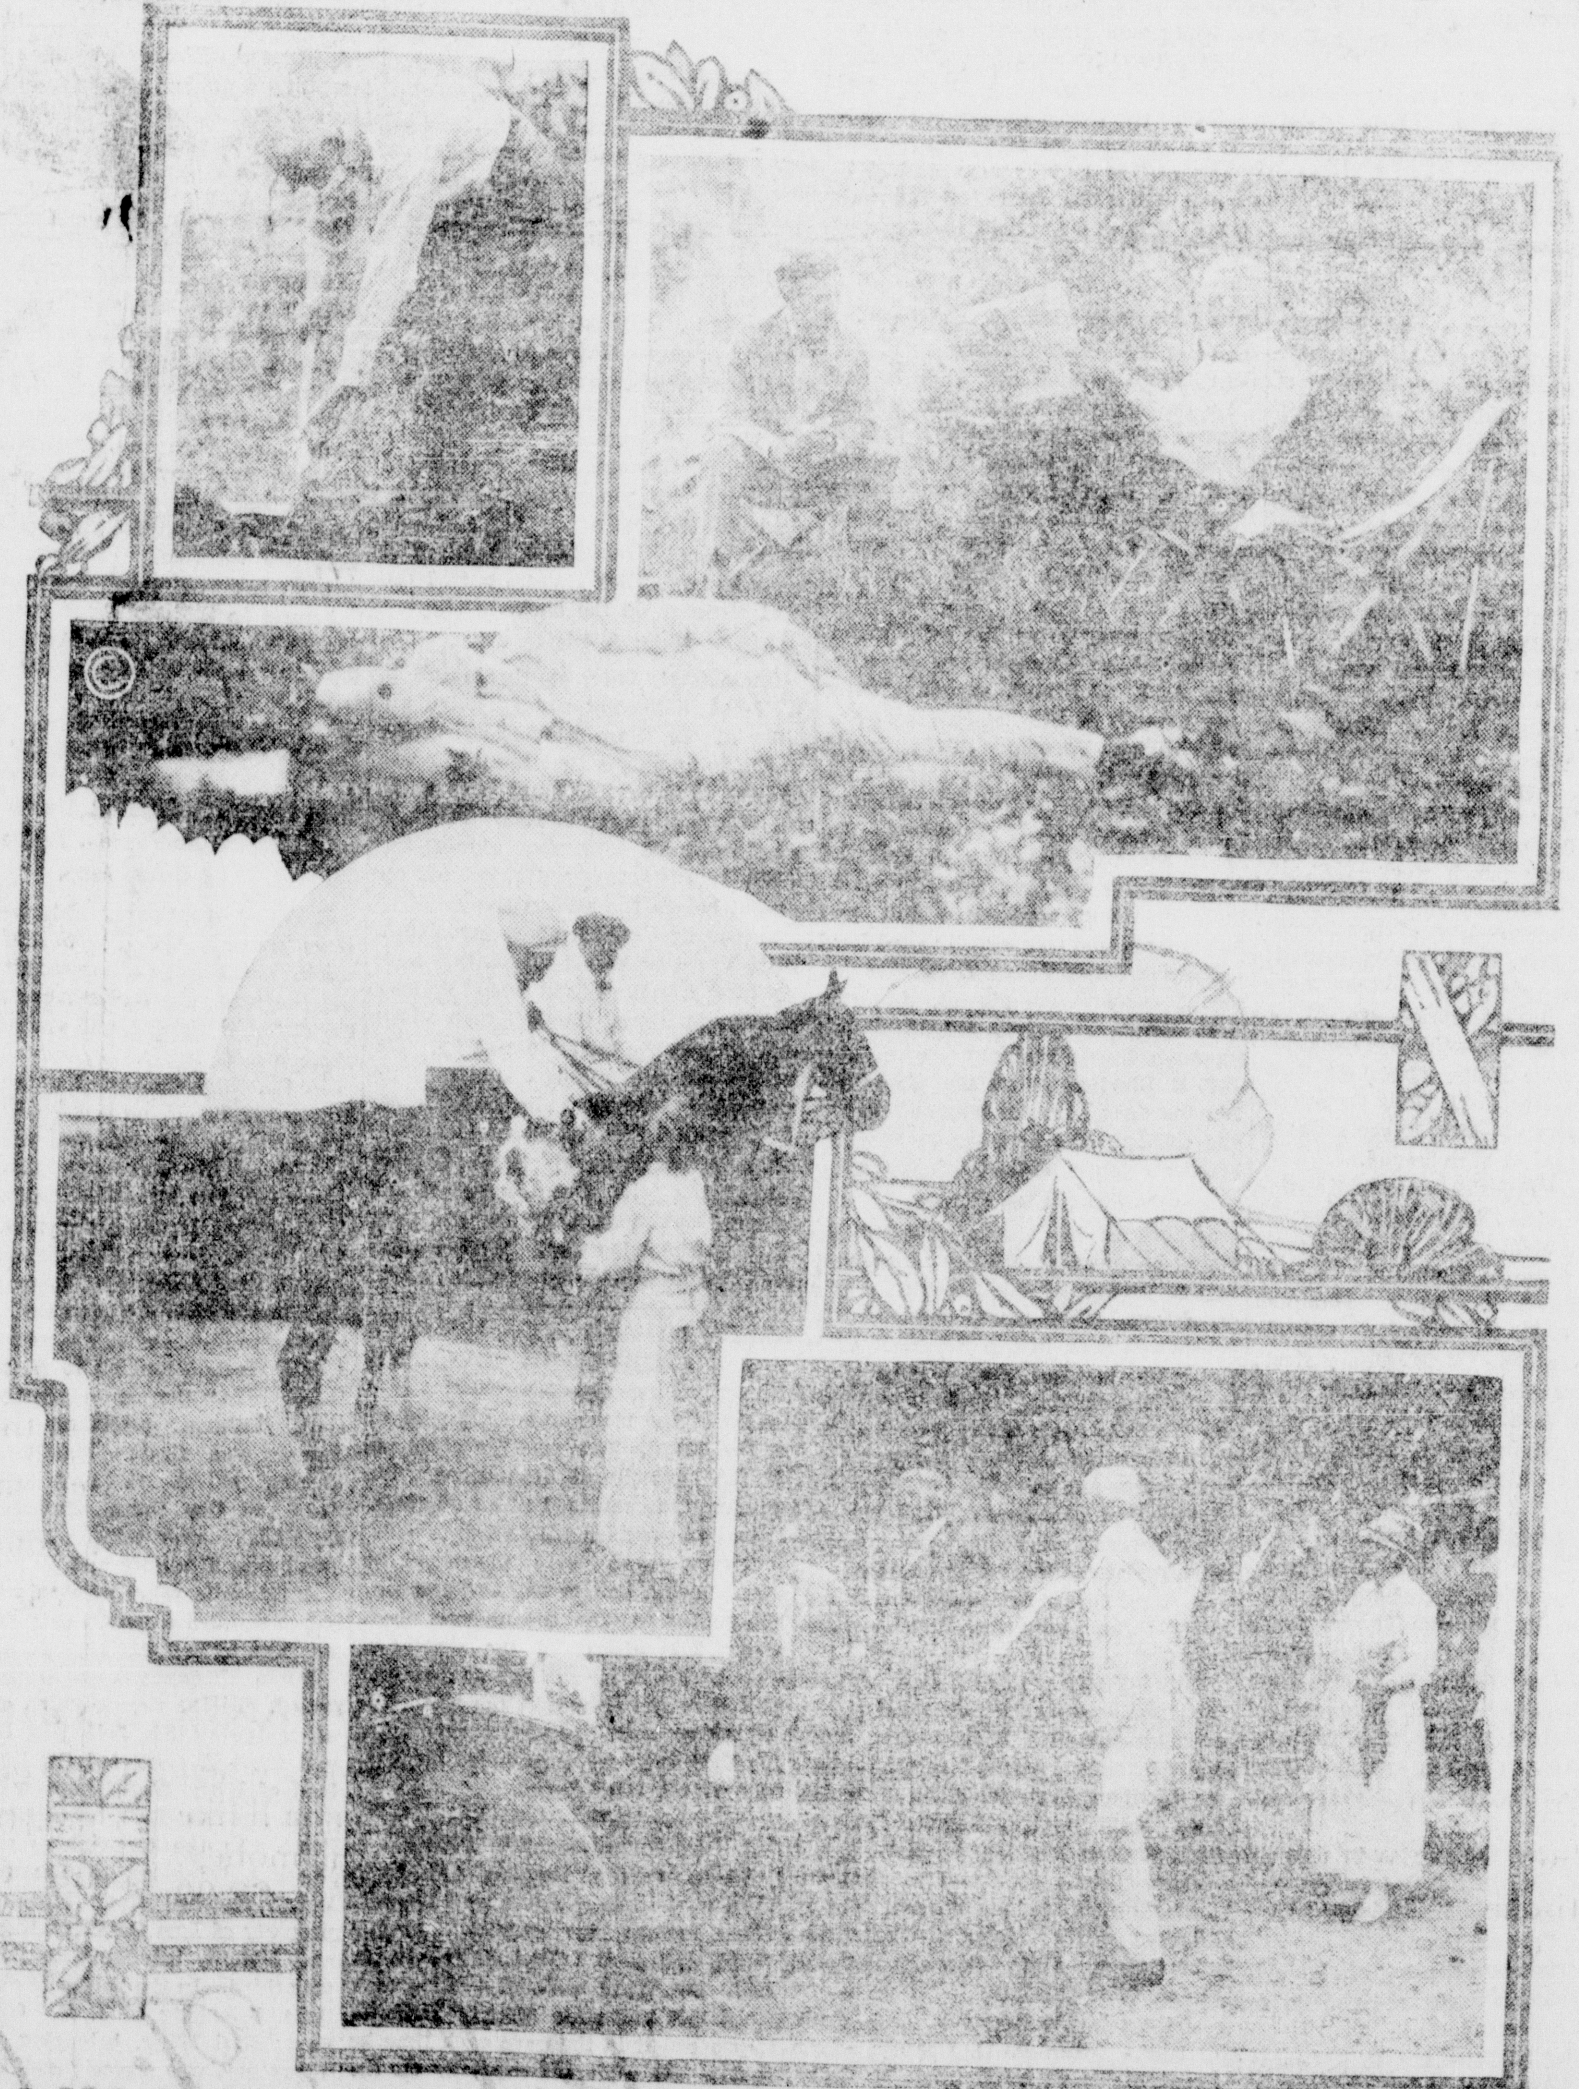

Memorial Hall in the Daughters of the American Revolution Building probably will be the scene of the opening session of the Disarmament Conference. Meetings of the main delegation, according to tentative plans, will be held in the Pan American Union Building. The opening session will be attended by members of the Cabinet, the Diplomatic Corps and Congressional leaders and their wives. Some 2,000 persons are expected to witness the ceremonies. The photograph shows the Daughters of the American Revolution Building.

"HALL OF THE AMERICANS," WHERE ARMS CONFERENCE WILL BE HELD

The "Hall of the Americans," in the Pan American Union Building in Washington, D. C., will be the scene of the opening session of the Disarmament Conference called by President Harding for November's next. In this room, it is said, the most pretentious gatherings in history.

## President Harding Thoroughly Enjoys "Roughing It" in Mountains With Edison-Ford-Firestone Camping Party

Upper left: Henry Ford chopping wood. Upper right: President Harding and G. S. Firestone discuss the morning news; Thomas A. Edison in the foreground. Center: President Harding accepting a bouquet of flowers from an aged woman residing near the camp. Lower: President Harding and his family.

These three men, with Henry Ford, after a brief outing because of the... One of their favorite recreations, time the practice for his health.

## ANNOUNCEMENT

For County Superintendent (to fill out  
 unexpired term of J. N. Fulcher.)

MRS. DELLA HOUSSELS.  
 L. A. HOLLAR.

## KEEPING THE GROCER IN DEBT.

Most men had much rather keep their  
 grocer in debt than have the tables  
 turned. The grocer is pretty good pay;  
 and then it is just a heartening feeling  
 to know that you are creditor rather  
 than debtor.

One of the leading grocers of Vernon  
 declares that the men who "cultivate"  
 chickens practically all keep their  
 grocer in debt to them. Isn't it pecu-  
 liar, that so little attention, relatively  
 speaking, is given to "cultivating"  
 chickens and turkeys on the farm?

Wilbarger's poultry production of  
 perhaps \$350,000 is gratifying. It is  
 evidence of what may be done. By far  
 the greater part of our farmers just  
 "let their chickens grow," however.  
 Little attention is given to ridding the  
 flock of hens which do not pay their  
 board, and perhaps less care is given to  
 providing feed that will increase egg  
 production.

Perhaps no other effort would tend  
 so successfully to increase interest in  
 poultry production as a poultry show—  
 the getting together of a majority of  
 high class fowls owned in Wilbarger  
 and adjoining counties for exhibit to the  
 public. In this way poultry fanciers  
 would be encouraged to greater efforts.  
 Those only casually interested would be  
 given an object lesson calculated to  
 arouse their enthusiasm and add to  
 their knowledge. Undoubtedly many  
 who have given scant attention to  
 growing chickens and turkeys would  
 become interested as a result of the  
 show.

In the opinion of The Record no  
 more worth while undertaking has  
 been presented to the local chamber of  
 commerce than the promotion of a dis-  
 trict or county poultry show.

## GOING TO SCHOOL?

A million boys and girls in America  
 practically fix their destiny this week.  
 Deciding to go to school does not insure  
 success. One may mar his possibilities  
 almost anywhere along life's pathway.  
 But quitting school before one finishes  
 high school puts him under such a han-  
 dicap that it is infinitely harder to  
 achieve the best things in life.

Unfortunately, it isn't nearly always  
 the boy's fault when he concludes not  
 to go to school again. Somehow he has  
 not mastered the subjects assigned, and  
 too often some instructor, failing to  
 analyze the difficulty, discourages the  
 apparently dull student rather than  
 helps him on. Father and mother fre-  
 quently scold or nag, rather than lend  
 a hand. The result is that son or  
 daughter takes what seems to be the  
 only open course. They quit.

Failure of boys or girls to go to  
 school this fall means an almost in-  
 credible loss to America in an economic  
 way. The loss is infinitely greater  
 from the standpoint of citizenship.

that a concerted effort be made to get  
 John and Mary and all of their name-  
 sakes in Wilbarger county interested  
 in going to school this fall.

## FIRST IN IMPROVED FARMS.

It is a proud distinction Texas re-  
 ceives in the announcement from Wash-  
 ington that the Lone Star State is first  
 among American commonwealths in the  
 number of improved farms. Gratifying  
 advancement is indicated, too, by the  
 fact that ten years ago Texas was  
 fourth.

Despite this creditable advancement  
 only 32,377,329 acres of our vast do-  
 main are cultivated, while Kansas  
 farmers cultivate 59,600,760 acres. Only  
 28.5 per cent of the farm land of Texas  
 is improved, and Iowans are cultivating  
 85 per cent of the farm land of that  
 commonwealth.

If even one-fourth of the uncultivated  
 farm land of Texas is brought under  
 cultivation during the present decade  
 we shall establish a market right at  
 our doors for millions of dollars worth  
 of manufactured products, and these  
 tillers of the soil will create each year  
 nearly a thousand million dollars of  
 new wealth!

Isn't that a prospect which should  
 hearten the most ambitious?

## W. C. T. U. to Meet.

The Woman's Christian Temperance  
 Union will meet Thursday afternoon at  
 the home of Mrs. Edgar McHugh.

## "IT PAYS —5— WAYS"

 Company, North Main street. 67-2tc

George Allman of Wichita Falls, for-  
 merly local agent for the Denver rail-  
 road, visited in Vernon during the  
 Shriner celebration yesterday.

Mr. and Mrs. R. L. More, and Rob-  
 ert Jr., left Saturday for a ten days'  
 trip to Greenville, South Carolina, and  
 other points.

**The Story of  
Our States**

By JONATHAN BRACE  
 VI.—MASSACHUSETTS

MASSACHU-  
 SETTS  
 was an Indian  
 word, massa-  
 wachuset, which  
 means "at the great  
 hill." It was

used by the Algonquians to design-  
 ate the tribe living near Blue  
 Hill in Milton, now a state reserva-  
 tion near Boston and the highest  
 hill in the eastern part of the  
 state. This name was later ap-  
 plied to the great bay which  
 Blue hill overlooks. It was from  
 this bay that the state was  
 named. In fact, until 1692 the  
 colony was called the Massachu-  
 setts Bay colony, and after that  
 the Province of Massachusetts  
 Bay until the Revolution made  
 it a commonwealth. Even today  
 it is often called the Bay state.

It was Capt. John Smith who  
 first made a map of the New  
 England coast and named the  
 Charles river in honor of "Baby  
 Charles," who afterward became  
 King Charles I. Other captives  
 visited the coast from time to  
 time, but it was not until the  
 fall of 1620 that the Mayflower  
 brought the first permanent set-  
 tlers to the Massachusetts shore.  
 The landing of the Pilgrims at  
 Provincetown and Plymouth  
 three hundred years ago was re-  
 cently celebrated. Of the origi-  
 nal one hundred passengers on  
 the Mayflower more than half  
 died during the first winter. But  
 the sturdy survivors, with in-  
 domitable courage, soon became  
 firmly established and from  
 their beginning, augmented by  
 the Puritan settlements of Salem  
 and the towns around Boston,  
 grew the state of Massachusetts,  
 which now extends over 8,288  
 square miles. In proportion to  
 its area Massachusetts is second  
 only to Rhode Island in popula-  
 tion and has eighteen presiden-  
 tial electoral votes. This makes  
 Massachusetts one of the six  
 most important states from a po-  
 litical point of view.

## AMERICANS DEFEAT BRITISH GOLFERS

George Duncan (left)  
 Abe Mitchell (right)

George Duncan is here shown driving off on the Brookline Country Club  
 course in the match in which he and his partner, Abe Mitchell, who is known  
 as the longest driver on the English golf course, were defeated by Jack Hutch-  
 inson, British Open Golf Champion, and Francis Oumet, of Boston.

## Entertain Club Today.

Misses Robbie and Donalita Stand-  
 iver entertained the Tuesday Bridge  
 Club this afternoon, at their home on  
 South Main street.

 ice cream soda is simply de-  
 licious. And our sundaes—  
 ask the girls. Bring your  
 best girl here for a cool  
 treat.

CANDYLAND

COLLEGE OF INDUSTRIAL ARTS  
(State College for Women)  
DENTON, TEXAS

The College of Industrial Arts offers the following advantages to  
 Texas girls: (1) a pleasant, healthful, and accessible location in the  
 State of Texas, (2) an unimpeachable moral and religious environment,  
 (3) freedom from distracting internal and external influences which  
 tend to lower the morale of the student body and the value of the work  
 of the College, (4) a standard of living that discourages extravagance,  
 and promotes a democratic spirit in keeping with sound economy and  
 with the best American traditions, (5) courses of study that combine  
 sound culture and accomplishment with preparation for practical, useful  
 living; that chiefly keep in view the needs of the present and the future;  
 and that are flexible enough to allow, within safe limits, conformity  
 with the aptitudes and inclinations of the individual student, (6) a fac-  
 ulty of college and university trained specialists—men and women of  
 maturity, scholarship and demonstrated teaching ability, (7) an admin-  
 istrative system that develops initiative, resourcefulness, and self-con-  
 trol on the part of its students, and fosters the highest ideals of charac-  
 ter and conduct.

It is a College of the first class and gives literary, technical, and  
 vocational training of the best quality, designed to develop mental dis-  
 cipline, social culture, spiritual vision, and efficiency. It confers the  
 degrees of bachelor of arts, bachelor of science, bachelor of music, bache-  
 lor of business administration, and bachelor of literary interpretation;  
 awards vocational diplomas and certificates, and issues teacher's State  
 certificates.

The next session of the College opens Tuesday, September 20, 1921.  
 For further information or for the latest catalogue, address

F. M. BRALLEY, LL. D.,  
 President, College of Industrial Arts, Denton, Texas.

## WILL GIVE PLAYS FOR LIBRARY FUND

TWO ONE ACT SKITS WILL BE  
STAGED THURSDAY NIGHT  
BY LOCAL TALENT.

Two one act plays, participated in by nine of Vernon's young people, will be staged Thursday night in More's Theater for the benefit of the book fund of the public library. Miss Anna Jo Pendleton, who was graduated from the school of oratory of Northwestern University last spring, is directing the productions.

Both plays are comedies. "Suppressed Desires" is a satirical skit in two scenes written by Geo. Cram Cook and Susan Glaspell. But three characters are included in the cast. They are Stephen Brewster, Henrietta Brewster and Mable and they will be enacted by Roy Parrish, Ruby Thomas and Mozelle Parker.

The second play "Our Neighbors," by Zana Gale, has a human interest theme and is full of real fun. The characters have been cast as follows: Miss Trot, Melba Ruth Pickens; Miss Abel, Cleo Bowers; Miss Moran, Frances Kemp; Miss Ellsworth, Elsie O'Neal; Inez, Birdie Hiatt; Grandma, Thelma Sherrill; Peter, Evans Mason; and Ezra, Hubert Sewell.

It is hoped by those in charge of staging these plays that the public will appreciate the fact that what is spent to see this entertainment will come back to the ticket purchaser in the form of new books in the library.

The first play will begin about 8:45 o'clock Thursday night, immediately following the picture show which begins at 7:30.

Miss Martilene Lloyd and Peyton Phillips will furnish music during the evening.

### HEALTH HINTS.

Do not hibernate—ventilate.  
Fight the good fight—for health.  
A crust with health is better than rich food and illness therewith.  
What will it profit a man if he gain a fortune and lose his health?  
Correct habits of life go a long way towards antidoting the evils that follow in the train of disease.

See the play for the benefit of the Library Book Fund at More's Thursday, September 8, 7:30 P. M. Admission 25c, 50c, and 75c, including war tax.

## NEWSPAPER MEN GOLF WITH PRESIDENT HARDING

President Harding won the third prize in the golf match between newspaper correspondents in Washington, D. C. Left to right: R. Byron Moss, of the Washington Times; Will Mott Lewis, of the London Times; President Harding; W. E. Brigham of the Boston Transcript.

Among prominent visitors in Vernon Monday for the Shrine celebration were the following men from Wichita Falls: C. O. Fritz, Recorder of Maskat Temple; W. D. Cline, illustrious Potentate and mayor of Wichita Falls; G. M. Belcher, Chief Rabbi; and W. W. Gardner, Oriental Guide.

### MILK BY-PRODUCTS GOOD

#### FOOD FOR YOUNG ANIMALS

While whole milk is nature's balanced food and is valuable for young animals, skim milk and other creamery by-products such as buttermilk and whey, are also useful feeds, say specialists of the United States Department of Agriculture. Skim milk is fed to young pigs in the proportion of about 3 pounds to 1 of concentrates, such as corn meal or shorts. Buttermilk, which has not been diluted too much with water, has nearly the same feeding value as skim milk. It is a better food for swine than for calves because it is apt to cause digestive disturbances when fed to the latter, unless considerable care is used. Whey is used almost exclusively in feeding swine. It is about two-thirds as valuable as skim milk as a food. Accordingly from 10 to 12 pounds of whey are equivalent to 1 pound of grain. Sweet skim milk, when supplemented with other feed such as corn meal or wheat shorts, is very good.

### Open Column.

Harrold, Texas, September 4, 1921.—Vernon Record. Dear Sir: I would like to answer the letter of L. G. Hawkins in a recent issue of The Record, as Mr. Hawkins is a good friend of mine. I wish to answer him through your paper. He stays there in the bank and gets under the influence of a good ten cent cigar, and thinks the farmers are all getting rich, and can stand to pay lot more taxes than they are now paying. I beg to differ with him.

There is not a farmer or ranchman in the state but has run his grass land at a great loss. As for the farmer, all the grain and all other crops considering the price received, he is now paying all the taxes he can stand. I think Mr. Hawkins is a good banker and I am perfectly willing for the people in the city to put all the bonds they would like to have on the city, build all the concrete they want in the city, but I do think the people in the city ought to leave it to the people in the county to say what bonds shall be put on for country roads. I am absolutely opposed to putting any twenty-five or thirty-year bonds on our county for the rising generations to pay. Respectfully,

I. G. SHOWERS.

#### Sleep in Comfort.

You spend one-third of your life in bed. Why not sleep comfortably? Use one of our mattresses, and you will be comfortable. T. H. Price Mattress Factory, 221 North Bowie, Phone 453. 68-Stc Adv.

Hardage first, Mrs. Clint Farrell second; jam jelly—Mrs. Clint Farrell first, Mrs. O. E. Hardage second; apple jelly—Mrs. Hub Colley first, Mrs. Clint Farrell second.

## Preserve Department.

In the preserves class there were the following awards:

Mrs. T. B. Priddy first, Mrs. C. M. Blair second; quince preserves—Mrs. Clint Farrell first; watermelon preserves—Mrs. Will Pitts first, Mrs. Hutchingson second; grape preserves—Mrs. O. E. Hardage first; collection of three—Mrs. W. M. Schindler first; cucumber pickles—Mrs. Martin first; mustard pickle—Mrs. Hub Colley first; relish—Mrs. Clint Farrell first, Mrs. W. M. Schindler second; chow chow—Mrs. Clint Farrell first, Mrs. Hub Colley second; stuffed peppers—Mrs. Hub Colley first, Mrs. C. M. Blair

## A Black Lace Afternoon Dress Designed and Described by Marion Davies

This Black Shadow Lace Dress for Afternoon Can Be Made for \$15

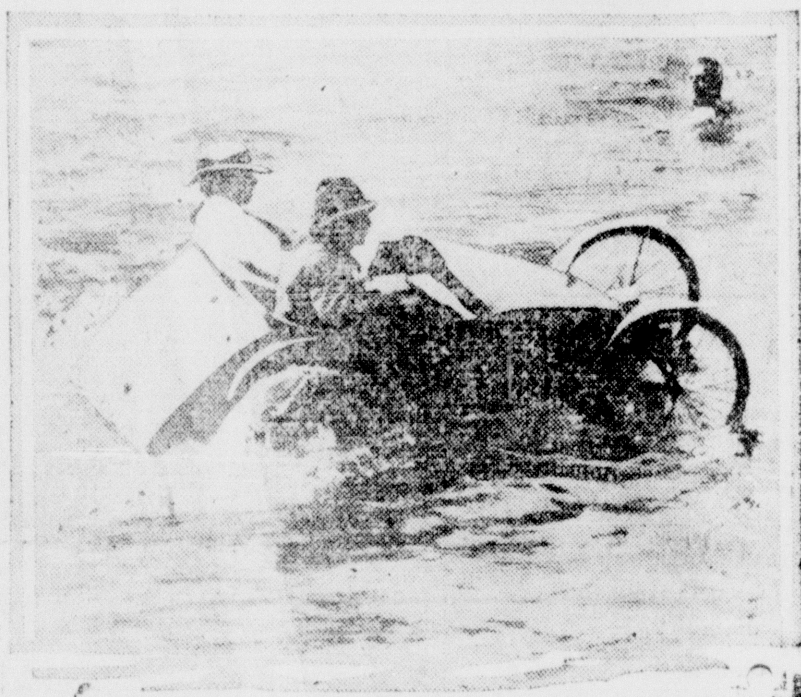

By MARION DAVIES  
Film Star of "The Restless Sex," "Buried Treasure," etc.

For afternoon wear either in winter or summer nothing is prettier nor more youthful looking than black shadow lace. It is practical, too, and can be worn at any kind of afternoon function or at dinner.

I made this dress with a foundation body of jade green Jap silk. The bodice, you see, is plain with a skirt of lace over the foundation of silk. Its charm for me lies in the gathered squares of lace at the front and back, falling over the skirt to a point a little below the hem. Over these are still smaller squares of lace at the front and back, falling over the skirt black satin girdle and black bands on the sleeves and around the neck are cut on the straight of the material to give standing position. I used 7 and one-half yards of lace forty inches wide, and two and three-quarters yards of the silk. I computed that this dress could be easily made for \$15, and if you have either some lace or enough silk for the body of the dress the cost will be very little. This pattern is a one-sixteenth reduction and is cut for size 36.

Don't forget that I will be glad to answer any questions about anything in my directions that might puzzle you. Address me at Cosmopolitan Productions, 127th Street, New York City.

## SEA-GOING AUTOMOBILE STANDS TEST

Here is shown a motor car which can be driven either on land or on the sea. This new invention caused much comment at the Sidmouth Regatta, in England. The car is here shown traveling along the surface of the water under its own power.

ler first; curtains—Jimmie Whitzel; Star second; cap with emblem—Nora Belle Lowe first, Lois Thompson second; uniform apron—Geneva Priddy first, Maurine Hancess second; luggage apron—Irene Muller first, Gilmer

## LOCAL ICE PLANT REPAIRS BREAKS

BIG ENGINE HAS BEEN OUT OF COMMISSION SINCE AUGUST 14.

An express shipment rushed to Vernon from Waynesboro, Pennsylvania, has enabled the local ice plant to get ready in record time to again turn out ice in large quantities, following its breakdown August 14. Express charges on this shipment cost the Texas Public Service Company \$212.13.

It was about 2 o'clock the morning of August 14 that the larger of the ice making machines at the local plant went to pieces, immediately a telegram was sent to the Frick Ice Machine Company, and the next day a factory representative reached Vernon. Repairs were ordered, and after being loaded in a car at Waynesboro were not transferred en route. Tomorrow the big machine will again be turning out ice.

The mercury was sizzling around August 14, and few people around Vernon knew anything of the mishap to the big ice making machine. In order to avoid a local ice famine, J. N. Johnson, local manager of the Texas Public Service Company, went to Wichita Falls the day of the accident and arrangements were made for daily shipments. A small machine at the local plant furnished ten tons a day, or about one-third of the amount consumed.

### THE Merchants

who advertise in this paper will give you best values for your money.

## SHACKLETON-ROWETT GOING TO FRIGID ZONE

This picture shows the Quest, commanded by Sir Ernest Shackleton, which left Southampton, England, last week, as she was leaving the British port. The Quest was flying the white ensign from the stern, the Royal Yacht Squadron Pennant from the mainsail and the Union Jack, which was presented by the King of England, on the foremast. Among the equipment being taken on the trip is a specially designed airplane for use in the ice-bound region about the South Pole.

## THERE IS NO MYSTERY IN ADVERTISING

When anyone discusses advertising with you, don't be mystified, misled or too gullible.

Advertising is simply a selling force which can be used profitably or abused flagrantly.

The average advertising does not produce immediate tangible results. They come finally as the result of persistent, cumulative appeals.

The only type of advertising from which one may normally expect immediate tangible returns is the kind making specific appeals likely to stimulate immediate action, namely, 1, price; 2, novelty; 3, seasonable.

The business-like principle establishing advertising as an economical selling force is that it reaches people en masse—thousands, millions—and while admittedly the personal salesman is always the most effective method, advertising supplements that personal work by covering instantly miles of territory and countless calls which the individual obviously could not do. Now, insofar as your immediate needs are concerned, the main thing to make sure of is to buy the kind of advertising that reaches the greatest number of possible customers in precisely the territory you do, or can serve.

The mediums that reach the greatest number of people in any given territory are the newspapers.

It is to your advantage, therefore, to demand of manufacturers' salesmen newspaper advertising. There is no reason why you should stock or push merchandise advertised in mediums reaching only a few people in your territory, because obviously such a limited appeal cannot bring you much business. As a matter of fact, what frequently happens in such instances is that the merchant, and not the advertising, moves the goods. Understand that advertising is simply mass selling; that mass selling is but a development of individual selling; that no principle is applicable in mass selling that is not right in individual selling.

Therefore, and obviously, through newspapers, as through individual selling, the greatest number of possible customers are appealed to right where the goods are on sale.

## VERNON HOLDS OPEN FOR MORE THAN 600 SHRINERS OF DISTRICT

(Continued from Page 1)

ranking the marchers in order. Mrs. Maskat and the children meanwhile flocked into the cars drawn up to receive them.

### March to Town.

There came a final survey of the befezzed army, and the drum major swung his baton in the air. At its descent the column began to move, and headed up Main street toward the square. There was a rattle from the snare drum, a boom and a clash of cymbals from the band, and Maskat's band was living up to the reputation it has established as the most efficient organization of its kind in Texas.

Behind the band and the patrol came the marchers in shirt sleeves. At their head marched Grand Commander L. G. Hawkins with a group of visiting notables. The court house was circled while all Vernon watched from every point of vantage, and then the visitors were bundled into cars and taken to Hill Crest.

### Mayor Offers Welcome.

There was a welcome from Mayor Harry Mason on behalf of the citizenship of Vernon and Hill Crest Country Club in which he assured the visitors they were welcome in more than the ordinary sense of the word.

"So often in the daily goings and comings of life," he said, "we hear the word spoken with such an empty, hollow sound. It seems to mean so little, sometimes, as it passes from lip to lip. A word is only a word when it lacks the ring of sincerity—even a word that may mean so much when it comes from the depth of the heart."

"Somehow on this occasion I feel that there is no need to say it at all. There are so many other ways to express it. I feel that you have already felt your welcome under assurances on our part. You have seen it in our eager eyes, our joyous smile, have felt it in our hearty handshake. You must have caught it from the very air around us."

"We are just going to put forth every effort to prove to you how much we appreciate your coming—trusting it will be a joy to you as well as to us. And we do want to repay as much as possible for the pleasure that your presence brings to us by doing or saying something that will make you feel that it is good to be here."

### Greeting From Club.

There came next a welcome by R. D. L. Killough in behalf of the local Shrine Club and Nobles. These greetings were responded to by Walter D. Cline, mayor of Wichita Falls and Shrine officials.

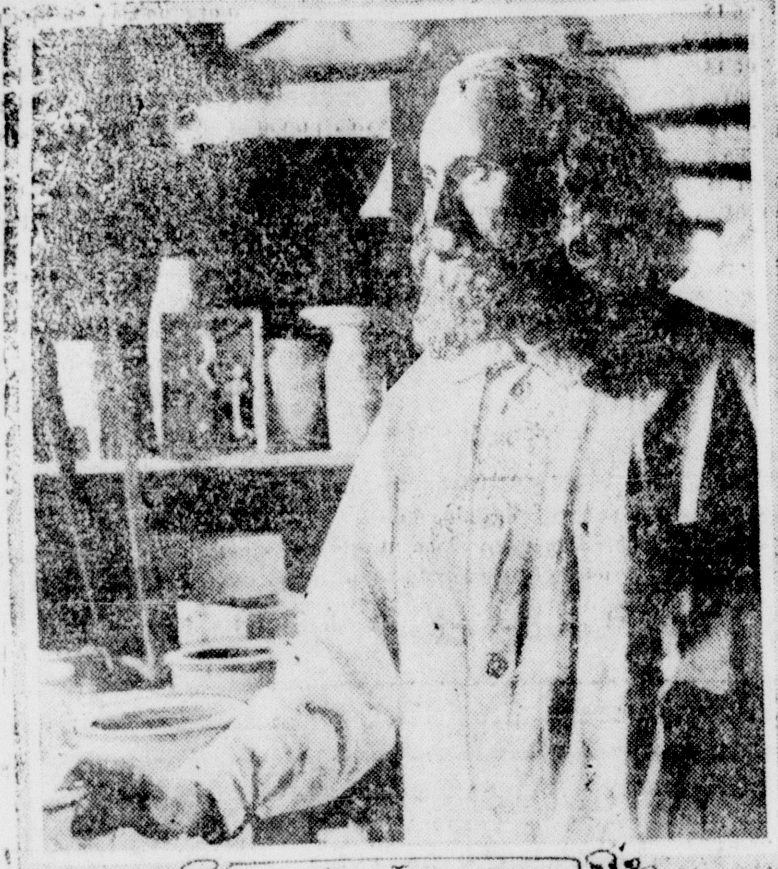

After that Maskat and local Nobles could not wait longer, and there was a concerted rush for the basement where the barbecue and lunch were to be served. Long tables had been arranged, and one passed along and helped himself from the plates of good things spread before him. Mesdames Noble were in charge of the serving, and permitted no one to leave the room unless their knees sagged at least a trifle under the burden of "eats" that they bore.

Upstairs there was dancing, and Maskat was given carte blanche to do as he pleased. There was golf for those so inclined, tennis, swimming, boating, and then—just the delicious privilege of stretching out on the grass under the spreading branches of a shade tree and feeling at peace with life in general.

### Rain "Glances Off."

Rain in the evening failed entirely at dampening the exuberance of those participating in the jollification. Old and young noble "shook a foot" in the club dance hall, or stood around the

## OBERAMMERGAU TO STAGE PASSION PLAY IN 1922

Anton Lang, the potter of Oberammergau, has been cast for the role of Christ, in the great Passion Play, and has already made his role famous.

The photograph shows Lang at work in his shop. Oberammergau has not staged its famous Passion Play since 1910 and is now preparing to give its next performance in 1922. The Passion Play was first produced in 1633, following the Thirty Years' War, and was an offering to the Lord in supplication for relief from the dread pestilence that had swept through Southern Bavaria in the wake of the great religious war. The Passion Play was then produced every ten years without a break, according to the vow of the people of Oberammergau. The great war interrupted its regular production for the first time in the play's history.

walls of the room while their fellows performed.

Finally Grand Commander Hawkins walked to the center of the hall and raised his hand for attention. "The train leaves before very long," he informed the happy group before him, "and we're going to start for the station now."

A tall Maskater bounced out beside Mr. Hawkins. "Just to show 'em we've had a good time," he shouts, "Let's give nine rabs for Vernon! All together."

There is a thunderous response from his fellows, a general handshaking all 'round, and one of the most memorable occasions in local club annals has been brought to a happy termination.

### IS BUILDING CURING PLANT.

W. A. Walker Confident Sweet Potato Field Will Yield 200 Bushels To An Acre.

W. A. Walker and associates are completing the erection of a sweet potato curing plant near Rayland. Work was started on the plant about ten days ago. It will have a capacity of 5,000 bushels and can be added to. Mr. Walker has also received a carload of crates.

"I am confident a great deal of my field will yield 200 bushels to an acre," Mr. Walker said to a reporter. At that, sweet potatoes are the best crop we have found.

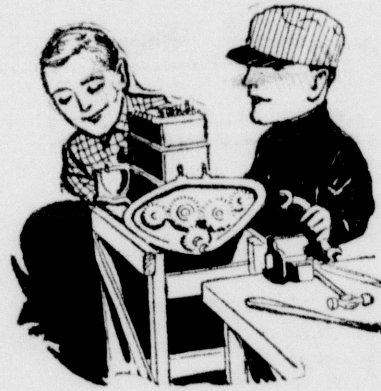

Mr. Walker has been hauling potatoes by the truck load to Crowell. He brought some to Vernon, but says local merchants do not buy as readily as do grocers at Crowell.

## WANT RADIO STATION HERE.

Association Believes Travelers Through Vernon Would Be Aided By Device.

A request that Vernon establish a radio station to aid travelers over the Colorado-to-Gulf highway has been made by the Circle Auto Men's Association of America. First plans were to establish telephones on the route, but when it was found impossible to obtain Bell service, the scheme was deemed impractical.

Dallas is credited with possessing the third largest radio station in the United States. Through it that city sends and receives highway reports and auto thefts under the supervision of the West Gulf Division of the American Radio Relay League.

Texas, New Mexico, and Oklahoma are also included in the league which embraces thirty-five stations. An instrument costs \$175 to install.

### Return From Colorado.

Mrs. J. A. Lucky, Miss Verna Lucky and Miss Enid McCarroll returned Thursday afternoon from Colorado where they have been for the last six weeks. They left here July 20 and drove to Colorado Springs, making the trip in six days, and from there they went to various other places in Colorado. They made the return trip in four days.

### Depository Bids.

Notice to any bank, or individuals, Corporations or any banking institution desiring to bid on the City Funds as City Depository are hereby notified to submit sealed bids therewith to the City Secretary of the City of Vernon, Texas not later than September 13th, 1921. The City reserves the right to reject any and all bids.

61-5c Fri. S. H. HALL, Secretary.

## SMART FALL FASHIONS

which will impress modish women and misses with the brilliance of their ornamentation, the cleverness of their lines and smartness of their fabrics.

### DISTINCTIVE FALL SUITS

\$24.50 to \$125.00.

At once evidenced in the new Fall Suits is the high standard of tailoring so characteristic of the Dixon garments. Favored Silhouettes for Fall are the slenderizing straight line, plain tailored and others, handsomely fur trimmed.

### EXQUISITE FALL DRESSES

\$19.50 to \$99.50

Romantic Spain and the Ancient Orient are the sources from which bubble forth the new themes that imbue our new creations with a charming beauty. Outstanding new features are the lengthened skirt, novel wide sleeves and fascinating embellishments.

### FALL COATS AND WRAPS.

Luxurious fur trimming add to the beauty of these soft surface fabrics developed into coats and wraps. A diversity of Silhouette is presented embracing straight lines and flaring buttons.

## Among the Season's New Fabrics

THE SILKS—Chinchillas, Cantons and Satin—Black Krepes, Snow Krepe and Frost Krepe—lovely softness commends them all.

PEACHBLOOM—With the silky, blurry finish of a peach.

MARVELLA—A new ribbed weave that has found its place.

SILK DUVETYN—Rich, soft, thistle-

down in weight, and very popular.

MOUSSYNE—A hand finish Duvetyn with better wearing qualities.

Duvet De Laine—Supple, dull finished and light in weight.

Then there are the ever-wanted Poirats and Tricotines and other Twill Cords that have stood the test of time, season after season.

## Dixon Dry Goods Co.

Colonel Binshah Ghadiali

Parsee psychologist, has issued a warning that woman who ape men will lose their equilibrium and take on male characteristics, even to growing beard. From Paris comes the startling news that French doctors are able to prove by statistics that alcohol and cigarettes cause an abnormal growth of hair on the faces of those who indulge in excess.

## SAYS WOMEN WHO APE MALES GET MALE WAYS
